

Our Crowd Management Teams are supported by our Manned Guarding Services, working together, enhancing our security provision particularly during the build and the breaking of event sites. This has also included our security officers working with local residents preventing access and the manning of road closures.

Traffic Management and Stewarding Teams work closely with local authorities and residents to ensure minimum disruption during an event, whilst maintaining road closures, providing access control, and safely managing temporary car parking arrangements, and traffic diversions.

Our highly trained Support Teams are distinctive in uniform and in their approach to dealing with potential disorder. Their experience and training includes Red Web Spray, Control and Restraint, and Handcuffing. Protective flame retardant clothing and helmets are carried by these officers.

Our high profile vehicles are equipped and allocated to our support teams. This includes 4x4's, mountain bikes, and quads.

We have fully equipped operational control units fitted with radio & telephone communications, manned by senior personnel to ensure the smooth running of all security assignments.

Our Licensed Trade Division is in huge demand due to the levels of performance and diplomacy of our highly motivated, fully trained, uniformed, male and female SIA licensed Door Supervisors. This is accompanied with our continued commitment to meet our clients' needs.

Our expertise and professional experience enables us to offer continual Management liaison and co-operation with the support of various authorities and police forces, and the Security Industry Authority.

The strength of Right Guard Security is the diversity of services that we can offer to venues and event organisers.

Promoters from the leisure, sporting, music, and entertainment sectors, as well as local authorities have the confidence that we can deliver to the highest ability.

*Committed to crowd safety*

Right Guard Security was formed in 1990 in response to an escalation of public order and crowd safety related issues within the entertainment industry.

Our ambitious company has grown considerably due to our high standards of professionalism and expertise, and is now recognised nationally for safety and crowd management.

Right Guard Security insists on the highest quality personnel. Our sister company Mission Training provides various training programmes for the security industry including: conflict management and safety training. Various levels of personnel are available, nationally, and internationally to accommodate our clients needs.

Our management team is extremely dedicated and supportive during event planning stages. We work in close liaison with multi-agencies and clients, attending planning meetings, and conducting site surveys and risk assessments.

Our Event and Security Management Division provides security services and professional personnel to a comprehensive variety of shows, events, and crowd gatherings including: Concerts, Music Festivals, Air Shows, Motor Shows, Exhibitions, Sporting Events, County Shows, and many more.

- Crowd Management and Safety
- Event Security
- Stewarding Teams
- Traffic Management and Parking Teams
- Uniformed Security Officers / Commissionaires
- Event Planning and Consultancy
